Dear Dave,

It was a pleasure speaking with you. As I relayed to you by phone, I am a supporter of E-verify!

This past legislative session we didn't get the job done. There may be a host of reason but the bottom line is we didn't get the job done and that is unacceptable. E-verify is important. I am personally committed to seeing it pass in the coming session - now is the time to do it! To that end, I have already made contact with sitting Senators and candidates for the State Senate to consider filing and passing this legislation in the coming year. We have identified a Senate sponsor of the bill and there is a lot of interest within the Senate to see that this bill passes in the coming year.

Having heard from so many Floridians about this issue has helped the legislature focus on getting the best work product put together. So as we approach the upcoming legislative session it will be helpful that legislators continue to hear from their fellow Floridians that now is the time for e-verify to be addressed.

Thank you for everything you are doing to advance this legislation. Your dedication is remarkable – keep the pressure on! Together, we can make Florida a better place to live and work.

Sincerely,
