Grieving Angel Mom and Family Have to Grieve Again!!!

Kenneth Scott Mahr was about to graduate from high school when he was killed by an unlicensed illegal alien who ran a stop sign in 2017. The illegal alien, Eustacio Gregorio-Meza, was deported in 2003 and again in 2018 back to Mexico and has since returned to USA. He was apprehended in November, 2022 and put in County jail.

After some uncertainty whether an ICE detainer would be made upon release from County jail on December 14, 2022, the illegal alien was thankfully remanded to federal ICE officials. *The federal felon now faces 10 years imprisonment but will that happen?* As so often happens, the alien is quickly deported in lieu of jail time, only to quickly return through the revolving door of our open border.
